Message From Founder Secretary JSPM

Dear Parents, Jayawant Shikshan Prasarak Mandal (JSPM) was established in 1998 with the objective of creating centers of excellence for education in the field of Engineering, Medical, Pharmacy, Management, and Computers. Our objective behind starting JSPM was to make higher education available to all who are desirous of achieving it. I also visualized that a social transformation can be brought about through the medium of dynamic education, JSPM is thus an institution of higher education with social commitment. With India & Indians, emerging as leaders across various professional sectors, it becomes an even greater challenge for the education sector to nurture and groom such abundant talent, which is all set to take industry's quest for excellence to dazzling new heights. It is in this same spirit of excellence, that we at: JSPM have laid each brick. We have created a learning culture, a friendly environment that facilitates complete development of our students. Our three pronged focus on Knowledge, skill and attitude is aimed at meeting the needs of our customers i.e. the industry. To achieve this we have handpicked the best faculty from diverse fields & expertise. We have invested in state of the art facilities, infrastructure and skilled human resources to supplement the culture and environment of JSPM's good governance. Moreover it's our pledge to change in tandem with the changing requirements of the industry and mould, develop and nurture talent that will make the nation proud. I hope you would be one of those fortunate students who would get an admission to one of our colleges. I am certain that your life at our campus will be academically fruitful and otherwise pleasant. My best wishes to you for all the success in your professional career after graduation.

Message From Principal Desk

At Blossom Public School (New), Narhe, we are committed to provide a safe and intellectually challenging environment that will empower students to become innovative thinkers, creative problem solvers and inspired learners prepared to thrive in the twenty-first century. We are also committed to be a friend, philosopher and guide in your child's 'learning journey by providing Education that leads to Excellence which in turn paves the path for Empowerment. We offer a broad curriculum and a range of opportunities for all our students to achieve excellence in academic creative, social, cultural, sporting and community endeavors. We value collaborative learning, positive relationships and building capacity amongst our students to effectively allow them to engage in the world of the future, where problem solving, evaluating, working in teams, communicating, creating and innovating are not only valued concepts, but expected skills, attributes and capabilities. We value relationships and connections with the community. We encourage our students to develop respectful relationships with their peers, teachers and the broader community. It is our endeavor to develop responsible young 'Global Citizens.
